

The ingredients in Smorgaschord were originally sprinkled together in a larger group, South Bay Urban Harmony Chorus. Sounds were mixed, recipes imagined, and a new small group was baked in early 2001. Now we are toasted!

The chefs wish to thank every one who has listened to us, given us comments, and put up with our particular sense of humor.

Like a real buffet, you never know what you're going to get. We hope you enjoy this afternoon's menu!
